Michaela, Foutie (3)	NW						1	3	0	0
Jana, Hugo (1)	NK						1	1	0	0

Available athletes are shown on the left.

Click on an athlete and the information will move to the center.

Enter the results under Performance.

The results of long distances can be entered as 5.14.20 which will be displayed as 5:14.20

If only minutes and seconds are given such as 3:4 it must be entered as 3.4.0 to display 3:04.00

**Hulp dokumente om makliker te werk.
Documents to assist and explain procedures.**

When all results are in click on:

Place to sort the athletes according to the performances and to allocate positions as well as the point scores.

In some events it may be required to change the order of athletes with the same results or to place them equal. This will also require changes in the point scores. Make such changes and click on Rebuild to display the modified order.

The **Did Not** option is only used if it is required to include that an athlete did not report or did not complete the event.

Save to make the result permanent.

Optionally **Display** to print the results.

If an athlete was selected in error, mark it and then click **Delete**. It will be moved back to the list on the left.

If an athlete does not appear in the available list, click on **New Athlete**.

Hulp dokumente om makliker te werk. Documents to assist and explain procedures.

This will display:

Noordwes		Michaela, Fourie	
Team	Abriviate	Surname	Name
Noord-Kaap	NK	Michaela	Fourie
Noord-Transvaal	NT	Angelique	Opperman
Noordwes	NW	Marelle	Geldenhuis
Omega	OM	Ane	Hall
Oos-Transvaal	OT	Tanya	Flynn
Sentraal Transvaal	ST		

New Team	New Athlete	Add to Event
Save	Save	Cancel

Click on the correct team.

A list of athletes for the specific gender and age will display.

If the athlete is already in the team, click on the name and then on **Add to Event**.

If the name is not on the list, click on **New Athlete**.

Below the names will be a new empty space.

Type the name of the athlete, click **Save** and then the option **Add to Event**.

You can add more by repeating the above.

When all is done, click on **Cancel** to close this window and proceed with the results.

If an event was completed in heats but the event is a single final, enter the results selecting All instead of a single heat..

Read All
New Athlete
Same Leg

Use the **Same Leg** option to get a single result.

To print follow-up draw sheets, first enter all the result of the individual heats, **Place** and **Save** each heat separately then click on the **Draw Sheet** page.

								Display	
								Save	
								→	
								Sort	
								Place Athletes	
								Read Data	
								<input checked="" type="checkbox"/> Add results	
Next Level Options No of tracks <input type="text" value="8"/> No of heats <input type="text" value="1"/> <input checked="" type="radio"/> Standard <input type="checkbox"/> Lap counter sheets <input type="radio"/> Results <input type="checkbox"/> Wind Sheet <input type="radio"/> Placings <input checked="" type="checkbox"/> Certification <input checked="" type="checkbox"/> Result area Order by Place/Leg <input type="text" value="1"/> Next Best Times <input type="text" value="4"/>									

Click on Read Data.

Check and change the information at the bottom of the page.

If there are less athletes than the number of tracks, set the number of tracks equal to the number of tracks.

The placement methods are:

Standard – IAAF, ASA rules are used.

Results – best performances are used, irrespective of the heat number.

Placings – athletes will be placed equally from each heat. This is normally used if the number of time recorders are limited.

Click on **Place Athletes**. This will use the settings and show the placed athletes.

Save will transfer the athletes to the final.

Display is used to print the new draw sheet for distribution.

The Score/Backup page is used to provide intermediate scores (excluding relays) and to make backups.

The screenshot shows the 'Scores / Backup' page of the Bekker Sport software. The main area displays a table of scores as available at 19:20 on 16/01/2022. The table has columns for Team, Points, Table, Athlete, Events, Compl, and Ave Tab. Below the table are several checkboxes for configuration: Point Values, Table Values, ASA (selected), IAAF, Just Top Scores, Use Ratios, and Medal standing. At the bottom are buttons for 'Display current scores' and 'Read new data'. On the right side, there is a file browser window titled 'GT HS 2020 after.mdb' showing a directory structure with folders for 'C:\', 'Atletiek', 'Rugsteun', and 'GT-HS'. A list of files is shown on the right, including 'GT HS 2019 after.records.mdb', 'GT HS 2019 before.mdb', 'GT HS 2020 after.mdb', 'GT HS 2020 afterRecords.mdb', and 'GT HS 2020 before.mdb'. A 'Backup' button is located below the file list.

Gauteng North (D1)	9	5688	159	201	8	711.0

Click on **Read new data** to get the scores and then print it using the **Display current scores** option.

To make new backups use the browser to the required file and click **Backup**.

NB. Don't use this option in a networked meeting as you are already working on a backup. The only way is to use copy and paste to create a duplicate of the database.
